2023-2024: Newsletter 14
Wednesday 17th April

Dear Parents and Carers,

We are straight back into a very busy summer term with residentials, sports events and lots of other exciting things happening. Please see below for a full list of events. Details and times for specific events will follow. We now just need the weather to know it is summer!

This week I have some important news to give you. At the end of the academic year we will be saying goodbye to Mrs Hartley, who, after 29 years here at Lindhead, is taking well-earned retirement! During that time, Mrs Hartley has taught every year group in school, and been responsible for numerous events and subjects. I have certainly enjoyed working with her and her influence on life at Lindhead has been considerable. We will make sure that before the end of the year there will be plenty of time to celebrate and acknowledge her significant contribution to Lindhead over the years!

Someone else who will not be with us at the beginning of the next school year is Mrs Flinton, who will be taking maternity leave as from September. We will send Mrs Flinton every best wish to enjoy the time with her family.

Here in school we are currently going through a recruitment process for the two vacancies, and will update you in due course with our progress. Towards the end of the year, as we usually do, we will send home information about classes and their teachers.

In other news, Lindhead School first opened on the 10th September, 1974. Therefore we are currently planning and organising some special 50th Birthday events for next year!

Also in the newsletter this week is an important survey regarding North Yorkshire's education, health and social care services are being jointly inspected by Ofsted and the Care Quality Commission (CQC) to see how well they meet their responsibilities towards children and young people with SEN and disabilities (SEND). They would like to hear your views about the support that your child/young person receives and how it has helped your child. I would encourage you to complete the survey if this applies to you as a parent. Thank you.

Best wishes,
S England

North Yorkshire's education, health and social care services are being jointly inspected by Ofsted and the Care Quality Commission (CQC) to see how well they meet their responsibilities towards children and young people with SEN and disabilities (SEND). They would like to hear your views about the support that your child/young person receives and how it has helped your child.

You can provide your views by completing an online survey. What you share will be treated in confidence:

When you give a child access to the Internet, you give them access to the adult world.

The Internet treats everyone as adults and there are many things, they are not yet ready to know, which is why it is vital that some form of safety settings are in place. Doing something is better than doing nothing.

What happens online has an effect to what happens offline and what happens offline has an effect to what happens online.

Online safety is when young people know who they can tell if they feel upset by something that has happened online.

Parents please contact your school to enquire attending their next e-safety workshop or have any concerns.
